What if my medication is not found in the UPCA Drug Formulary?

If your drug is not included in this list of covered drugs, you should first contact Member Services and ask if your drug is covered. This document includes only a partial list of covered drugs, so University Physicians Care Advantage may cover your drug. You can contact Member Services at 1-877-874-3930, 8:00 am to 8:00 pm / 7 days a week from November 15 through March 1 and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 15 through March 1. TTY/TDD users should call 1-800-367-8939.

If your medication is not listed in the UPCA Drug Formulary, you can ask UPCA to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover your drug even if it is not on our formulary.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, UPCA will limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover more.

Generally, UPCA will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.
