SECTION 1 – INTRODUCTION

This directory provides a list of University Physicians Care Advantage's (HMO) plan providers. It also includes basic information about how to get your covered services with University Physicians Care Advantage (HMO). To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan providers that are listed in this directory to be your Primary Care {Physician/Provider} (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

The "plan providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory; however some services may require a referral. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers. In most cases, your health care coverage is covered under University Physicians Care Advantage (HMO).

What is the service area for University Physicians Care Advantage (HMO)?

The counties in our service area are listed below.

Pima County, Arizona

How do you find University Physicians Care Advantage (HMO) providers in your area?

You may use this directory to find plan providers in your area. This directory is organized by city and specialty. To find a provider, please locate the city where you would like to see a provider, and then locate the type of provider that you wish to see. You will notice that all Primary Care Providers (PCP's) are grouped together under each city, and then each specialty provider is listed by the type of medicine that he or she practices.

If you have questions University Physicians Care Advantage (HMO), please call Member Services Department toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939. Or, visit www.upcareaz.com.

What if you use non-plan providers to get covered services?

"Non-plan providers" are providers that are not part of University Physicians Care Advantage (HMO). If you use non-plan providers, you may have to pay more. Care or services you get from non-plan providers will not be covered, except for ambulance services, emergency care, including post-stabilization care, urgently needed care, renal dialysis (kidney), and any services which were ordered covered through an appeals process.

What should you do if you have bills from non-plan providers that you think should be paid by University Physicians Care Advantage (HMO)?

We cover certain health care services that you get from non-plan providers. These include care for a medical emergency, urgently needed care, renal dialysis (kidney) that you get when you are outside the plan's service area, care that has been approved in advance by University Physicians Care Advantage (HMO), and any services which were approved to be covered through an appeals process. If a non-plan provider asks you to pay for covered services you get in these situations, please contact us:

Member Service's toll free number is 1-877-874-3930 or 520-874-3930. We are open from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939. Or, visit www.upcareaz.com.

You may also contact us by mail at:
University Physicians Care Advantage (HMO)
2701 East Elvira
Tucson, Arizona 85756

You should never pay any non-plan provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay.

Getting care when traveling or away from the plan's service area

If you need care when you are outside the service area, your health care coverage is limited. The only services we cover when you are outside our service area are care for a medical emergency, including post-stabilization care, urgently needed care, renal dialysis (kidney), and care that University Physicians Care Advantage (HMO) or a plan provider has approved in advance. For more information about medical emergency and urgently needed care, see Section 6. If you have questions about whether a service is covered when you travel, please call Member Services toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939. Or, visit www.upcareaz.com.

Can the list of plan providers change?

Yes, University Physicians Care Advantage (HMO) may add or remove plan providers from our provider directory. To get current information about University Physicians Care Advantage (HMO) plan providers in your area, you can visit www.upcareaz.com or call our Member Services Department toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through

March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939.

Your rights to access and participate in medical care

You have the right to get timely access to plan providers and to all services covered by the plan. Timely access means that you can get appointments and services within a reasonable period of time. You have the right to get full information from your providers when you go for medical care. You have the right to participate fully in decisions about your health care. You have the right to refuse care.

SECTION 2 – CHOOSING YOUR PRIMARY CARE PROVIDER (PCP)

What is a “PCP”?

When you become a member of University Physicians Care Advantage (HMO), you must choose a plan provider to be your PCP. Your PCP is a physician, nurse practitioner, or other healthcare professional who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In most cases, you must see your PCP to get a referral before you see any other healthcare provider.

How do you choose a PCP?

Selecting a PCP is an important choice. You can use this directory to find a PCP who is close to you. The directory is organized by city. Please locate your city in the directory. Under each city is a list of primary care providers. Primary care providers may practice Family Medicine, Internal Medicine, or Geriatrics. You may choose any of the PCPs listed in the directory.

Once you have chosen your PCP, you must call our Member Services Department at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a

week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939. You should let a Member Services Representative know who you have chosen as your PCP so that we can update our records.

You may change your PCP once a month. Your change will be effective on the first day of the month following your request. We encourage you to find a PCP who makes you feel comfortable, and stay with that PCP so that he or she can make sure that you are getting the care that you need. If you want to use a particular University Physicians Care Advantage (HMO) specialist or hospital, you should check with your PCP to make sure they can make referrals to that specialist or hospital.

Getting care from your PCP

Generally, you see your PCP first for most of your routine health care needs. There are only a few types of covered services you can get on your own, without seeing your PCP first. Please see Section 4 for the type of covered services you can get on your own that is without seeing your PCP first for a referral.

Your PCP can also help you arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time. Your PCP must give you a referral to see a specialist. In some cases, your PCP will also need to get prior authorization (prior approval). Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect your privacy of medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

How to change your PCP

You may change your PCP for any reason, up to once a month. To change your PCP, call Member Services toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939.

Member Services will change your membership record to show the name of your new PCP, and will tell you when the change to your new PCP will take effect.

What if your doctor or provider leaves University Physicians Care Advantage (HMO)?

Sometimes a doctor, specialist, clinic, or other plan provider you are using might leave the plan. If this happens, you will have to switch to another provider who is part of University Physicians Care Advantage (HMO). If your PCP leaves University Physicians Care Advantage (HMO), we will let you know, and help you switch to another PCP so that you can continue getting covered services.

SECTION 3 – GETTING CARE FROM SPECIALISTS

When your PCP thinks that you need specialized treatment, he or she will give you a “referral” (approval ahead of time) to see a plan specialist. A **specialist** is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologists, who treat cancer; cardiologists, who treat heart conditions; and orthopedists, who treat certain bone, joint, or muscle conditions. For some types of referrals to plan specialists, your PCP may need to get approval ahead of time from University Physicians Care Advantage (HMO). This is called “prior authorization.”

It is very important to get a referral from your PCP before you see a plan specialist. However, you don't

need to get a referral for certain services, see Section 4. **If you don't have a referral before you get services from a specialist, you may have to pay for these services yourself.** If the specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these were included.

SECTION 4 – SELF-REFERRALS

There are certain times when you may be able to get certain services without a referral from your PCP.

You will get most of your routine or basic care from your PCP. Your PCP can also coordinate your covered services. If you get services from any doctor, hospital, or other health care provider without getting a referral ahead of time from your PCP, you may have to pay for these services yourself. This also includes if you get these services from a provider in your plan.

In some cases, you can get the services listed below without a referral or approval ahead of time from your PCP.

“Self-referred” means you get services on your own without having to see your PCP first. If you get self-referred services, you still have to pay a co-payment. Whether or not the service is self-referred, you must still see a plan provider. If you see a non-plan provider without prior authorization from University Physicians Care Advantage (HMO), you may have to pay for the services yourself.

The following services may be self-referred:

- Routine women's health care, which includes breast exams, mammograms (x-rays of the breast), pap tests, and pelvic exams. This care is covered without a referral from your PCP only if you get it from a plan provider.
- Flu shots and pneumonia vaccinations (only if you get them from a plan provider).
- Emergency services, whether you get these services from plan providers or non-plan providers, see Section 6. The emergency services including

hospital care after you are stable (known as post-stabilization) are also covered.

- Urgently needed care that you get from non-plan providers when you are temporarily outside the plan's service area. For more information about urgently needed care, see Section 6. For more information about the plan's service area, see Section 1.)
- Renal dialysis (kidney) services that you get when you are temporarily outside the plan's service area. If possible, please let us know where you are going before you leave the service area, so that we can help arrange the care that you need.

SECTION 5 – WHAT IF YOU NEED MEDICAL CARE WHEN YOUR PCP'S OFFICE IS CLOSED?

What to do if you have a medical emergency or urgent need for care and your PCP's office is closed

In an emergency, you can get care immediately. You do not have to contact your PCP or get prior authorization in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. For more information about emergency or urgently needed care, see Section 6.

What to do if it is not a medical emergency and your PCP's office is closed

If you need to talk with your PCP or get medical care when the PCP office is closed, and it is not a medical emergency, you can speak with someone 24-hours a day by calling our Member Services Department toll free at 1-877-874-3930 or 520-874-3930. TTY users should call 1-800-367-8939. There is always a health professional on call to help you.

For more information about what to do if you have an urgent need for care, see Section 6.

SECTION 6 - GETTING CARE IF YOU HAVE A MEDICAL EMERGENCY OR AN URGENT NEED FOR CARE

What is a medical emergency?

A situation is a “medical emergency” if **you reasonably believe that your health is in serious danger**. It means that every second counts. Some examples of “medical emergencies” are severe pain, a bad injury, a serious illness, or a medical condition that is getting worse.

What should you do if you have a medical emergency?

If you have a medical emergency:

Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. In any emergency, you never need to contact any plan provider, even your own PCP, for either permission (“authorization”) or referral.

However, as soon as possible, you or someone else should contact University Physicians Care Advantage (HMO). Please call Member Services toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939. You will also find this phone number on the back of your membership card.

You or someone else should also contact your PCP after you get emergency care. Your PCP needs to know about your emergency because he or she will provide follow-up care. Please try to contact University Physicians Care Advantage (HMO) and your PCP about your emergency within 48 hours.

Your PCP will help manage and follow-up on your emergency care

It is important to know that every emergency has two stages.

When the doctors, or hospital, providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and University Physicians Care Advantage (HMO) must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a plan provider or not). This second stage of the emergency, after your condition is stabilized is call “post-stabilization.”

Generally, the hospital, or doctors, providing emergency care will try to talk to your PCP. This helps the plan to arrange for plan providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

Although you are past the emergency and post-stabilization, you may still need follow-up care. However, your plan is responsible for your follow-up care. Your plan will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. You will need to use plan providers to get authorization, and/or referrals.

What is covered if you have a medical emergency?

You can get covered emergency medical care whenever you need it, anywhere in the United States.

Ambulance services are covered in situations where other means of transportation in the United States would endanger your health.

What if it wasn't really a medical emergency?

To have your plan pay for your emergency care, you do not have to be certain that it is an emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—but

the doctor may disagree and not consider this a medical emergency. If this happens, you are still covered for the diagnostic treatment and care you received to determine what was wrong, provided that you thought your health was in serious danger, as explained in the section “What is a ‘medical emergency’” above. However, please note that:

- If you get any extra care after the doctor says it was not a medical emergency, your plan will only pay for the extra covered care ***if you got this care from a plan provider.***

If you get any extra care from a ***non-plan provider*** after the doctor says it was not a medical emergency, your plan must still pay for it as “urgently needed care” even though you got this care “outside your service area.” Please read below how “urgently needed care” is defined.

However, if you get any extra care from a non-plan provider that is not an emergency or “urgently needed care,” then you must pay for this care yourself. The plan won’t pay for this type of care.

What is “urgently needed care”? (This is different from a medical emergency.)

Urgently needed care refers to a non-emergency situation where you are inside the United States, you are temporarily absent from the Plan’s authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition, and it isn’t reasonable given the situation for you to obtain medical care through the Medicare Advantage Plan’s participating provider network. Note: Under unusual and extraordinary circumstances, care may be considered urgently needed when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

What is the difference between a “medical emergency” and “urgently needed care”?

The two main differences between urgently needed care and a medical emergency are in the danger to

your health and your location. A “medical emergency” occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. “Urgently needed care” is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

Getting care that you need urgently when you are in the plan’s service area

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan’s service area, please call your PCP, or you can speak with someone 24-hours a day by calling our Member Services Department toll free at 1-877-874-3930 or 520-874-3930. TTY users should call 1-800-367-8939. There is always a health professional on call to help you. Keep in mind that if you have an urgent need for care while you are in the plan’s service area, you should get this care from plan providers. In most cases, we will not pay for urgently needed care that you get from a non-plan provider while you are in the plan’s service area.

Getting urgently needed care when you are outside the plan’s service area

University Physicians Care Advantage (HMO) covers urgently needed care that you get from non-plan providers when you are outside the plan’s service area, but still inside the United States. If you need urgent care while you are outside the plan’s service area, you should call your PCP. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the plan’s service area as long as the care you are getting still meets the “urgently needed care” definition.

We also cover renal dialysis (kidney) services that you get when you are outside the plan’s service area.

SECTION 7 – FOR MORE INFORMATION

For more detailed information about your University Physicians Care Advantage (HMO) provider coverage, please review the Evidence of Coverage.

If you have questions about University Physicians Care Advantage (HMO), please call our Member Services Department toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939. Or, visit www.upcareaz.com.

University Physicians Care Advantage (HMO) Plan

Pharmacy Directory

This booklet provides a list of University Physicians Care Advantage's (HMO) network pharmacies. All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. To get current information about University Physicians Care Advantage (HMO) network pharmacies in your area, please visit our Web site at www.upcareaz.com or call our Member Services Department toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939.

INTRODUCTION

This booklet provides a list of University Physicians Care Advantage's (HMO) network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and University Physicians Care Advantage's (HMO) formulary. If you have additional questions, please call our Member Services Department toll free at 1-877-874-3930 or 520-874-3930 from 8:00 am to 8:00 pm 7 days a week from November 1st through March 1st and 8:00 am to 5:00 pm Monday through Friday (except holidays) outside of November 1st through March 1st. TTY users should call 1-800-367-8939. Or, visit upcareaz.com

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by University Physicians Care Advantage (HMO). In most cases, your prescriptions are covered under University Physicians Care Advantage (HMO) only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.
